Revance Therapeutics, Inc. Announces Participation in Credit Suisse 2014 Healthcare Conference

NEWARK, Calif., Nov. 4, 2014 (GLOBE NEWSWIRE) -- Revance Therapeutics, Inc. (Nasdaq:RVNC), a biopharmaceutical company developing botulinum toxin products for use in aesthetic and therapeutic indications, today announced that its management is scheduled to participate in the Credit Suisse 2014 Healthcare Conference in Phoenix, Arizona.

Revance management is scheduled to present on Thursday, November 13, 2014 at 8:30 am MT/10:30 am ET. Interested parties can access the live webcast with accompanying slides at <http://investors.revance.com/events.cfm>. The webcast replay will be available one hour after the conclusion of the live presentation for 30 days.

About Revance Therapeutics, Inc.

Revance is a specialty biopharmaceutical company focused on the development, manufacturing and commercialization of novel botulinum toxin products for multiple aesthetic and therapeutic applications. Revance is leveraging its proprietary portfolio of botulinum toxin compounds combined with its patented TransMTS® peptide delivery system to address unmet needs in the large and growing aesthetic and therapeutic botulinum toxin market. Revance's proprietary TransMTS® technology enables transcutaneous delivery of botulinum toxin A, eliminating the need for injections. Revance's lead product candidate, RT001, is a topical formulation of botulinum toxin type A, which has the potential to be the first commercially-available non-injectable dose form. RT001 is being evaluated in a broad clinical program that includes aesthetic indications such as crow's feet lines (wrinkles around the eyes) and therapeutic indications such as hyperhidrosis (excessive sweating) and migraine headache. Revance's second product candidate is RT002, a novel injectable formulation of botulinum toxin type A designed to be more targeted and longer lasting than currently available botulinum toxin injectable products.

"Revance Therapeutics", TransMTS® and the Revance logo are registered trademarks of Revance Therapeutics, Inc.
